## Stickers

John gets stickers for each chore he does to help at home. On Monday, he got 3 stickers. On Tuesday, he got 4 stickers. On Wednesday, he got 2 stickers. On Thursday, he got 5 stickers and on Friday, he got 3 stickers.

- Fill in the table to show how many stickers John got each day.

Day	Number of stickers
Mon.	
Tues.	
Wed.	
Thurs.	
Fri.	

- On what day did John get the most stickers?
  - How many stickers did John get altogether this week?
    - Write a number sentence for this problem.
    - Use a calculator to find the answer and label the answer.
