High Number Game

The fourth graders in Ms. Kiley's class are playing the High Number Game. Since they have just learned about decimals and percents, Mrs. Kiley created decimal and percent cards to use with the fraction cards.

- Joan plays the percent card.
- Manuel plays the decimal card.
- Carly plays the fraction card.

75%

.78

$\frac{7}{10}$

- If the highest card wins the round, who wins this round?
- Use words, pictures and/or numbers to explain how you figured out the winner.
