

**Name:**

**Date:**

Students in Mrs. Connor's second grade class took a survey about pets they owned. The table shows the results of the survey.

- Make a bar graph of the results.
- Be sure to include all labels.

<b>Pet</b>	<b>Number of children who own this pet:</b>
Cat	6
Dog	9
Fish	3
Hamster	5
Bird	2

- Which pet is the most popular? How do you know?
  
- Mrs. Connor is planning a Pet Day for her second graders. If each student brings in their pets, how many animals will visit Mrs. Connor's class that day? Explain how you got this answer.
